

## Wolverines Lose To Carson City In Well Played Game

Local School Will Play At Manogue Saturday Afternoon

Tahoe-Truckee's Wolverines once again tried the underdog act last Saturday, but the effort was not quite enough as they dropped their third conference game this time to the Carson City Senators in a thrill-packed 18 to 6 encounter.

Carson opened the scoring in the second period after being held in check by a rugged Wolverine defense during the first quarter. The six points came as Don Longero passed to Chet Wood, the outstanding Senator fullback, on the Wolverine 20-yard line and Wood raced into the end zone untouched. The conversion attempt was short and Carson City led, 6-0.

The Stan Drakulich coached Wolverines struck back in short order, however, as Doug Cooke intercepted a Senator pass on his own 45-yard line, and with a key block from Tom Sheehan on the Carson 25, raced across the goal line to tie the score at 6-all. Frank Giovannoni attempted the placement, but the Carson line blocked the kick and the half time gun sounded with the score standing at 6-6.

Late in the third period, the Senators added another six points as they showed their strong ground game for the first time, driving 95 yards with Oliver going over from 10 yards out. The P.A.T. was wide once again, and the fourth period opened with the visitors in front, 12-6. Carson City added their final touchdown midway in the final quarter as they drove 61 yards on the ground with Wood and Longero doing most of the work for the score. The conversion run was good, but a fumble in the end zone was recovered by Tahoe-Truckee to nullify the extra point. This drive was stopped once on a pass interception by Jim Harris, Wolverine center, at the 20-yard line, but Carson regained possession of the ball as the locals were forced to kick on a fourth down situation.

Outstanding defense play on the part of the Wolverines was a noted feature of the game, with Tom Sheehan, Kit Schull, Jim Harris and Frank Giovannoni leading the way. The offensive game, which has not come along as well as the defense to date, did show that the Wolverines have a strong passing game potential with the throwing of Floyd Cooper and Craig Robinson, the catching and running of Bob Trask, Dave Rickert and Doug Cooke, and the backfield running and blocking chores of Dean Herzog, Ken Osburn, Dean Holbrook, Roger Halbert and Dick Decker.

This week the Tahoe-Truckee Wolverines travel to Manogue for a Saturday afternoon meeting that should prove to be one of the games of the year in the conference. It is a case of brother-meets-brother, with Stan Drakulich of the locals coming face to face with Duke Drakulich of the Manogue Miners.

Comparing the two teams on paper, it would appear to be a toss-up ball game.

A large group of hometown fans is expected to accompany the Wolverines to Manogue Saturday, with rooters buses being run for the game. Starting time is the usual 2 p.m.

## District Lions Officers Meet With Local Club

Officers of Lions Club in this district met with the Truckee club last week at Donner Lake Lodge and following the meeting met with the zone chairman, Earl K. Stice. They included Alan Lewis of Arden, Lauran Boldra, Sparks; George Hamilton, Reno, Dave Ashton and W. W. Worrell of Tahoe, Harold Berliner of Nevada City and John Ferrari and John Laughans of Sparks.

Films of the games played by the San Francisco 49ers were shown at last night's meeting by Carl Becholdt, Jr. Bill Denney and J. M. Howard of the Denney Lumber Company were guests. Roy Waters presided.

## RAMIREZ WILL BE SENTENCED OCT. 19

NEVADA CITY—Louis Ramirez of Truckee pleaded guilty to a charge of rape in Nevada County Superior Court Friday and was scheduled for sentence October 19. Ramirez was accused of rape by the mother of a 14-year-old Truckee girl for an incident occurring in February. The complaint was filed by District Attorney Vernon Stoll in August.

## LAKE LEVEL

TAHOE CITY—An inch of rain fell at Tahoe City Sunday as the Indian summer weather continued. Temperatures ranged from a high of 63 to a low of 38 during the week. With 326 cubic second feet of water leaving the gates, the level of the lake stood at 6228.25 feet.

## Appeal Is Made As Work Needed On North Tahoe Job

KINGS BEACH—With only 30 building days remaining until cold weather and storms are expected to make further activities of that nature impossible, officials of the North Tahoe Fire Control have issued an urgent appeal for more help to get their new fire station completed.

The high cost of materials and equipment has made it virtually impossible for the control to expend more on labor and volunteer help is needed, P. M. Burroughs, president of the board declared. Help of all kinds, from labor to carpenter, masons and in fact every kind of skill is required if the house is to be ready by winter to store the valuable equipment.

Anyone wishing to assist in the project is asked to report at the job on the Truckee shortcut or to contact the new chief, Howard (Curley) Mason at the Kings Beach Automotive Service.

**New Chief**  
Max J. Kreuger has accepted a post as game warden with the California Fish and Game Department effective October 1 and has been replaced by Howard Mason. Kreuger has been chief of the control since 1952 and his loss to the department is regretted by the other members and officers who join in wishing him success in his new venture.

## Two New Officers On CHP Staff Here

Two patrolmen have been added to the personnel of the Truckee squad of the California Highway Patrol and Patrolman Roy Stallard, a member of the local squad for the past several years, has been transferred to San Jose.

E. W. (Bud) McCallen, who attended school here as a boy and more recently a resident of the Roseville area where his father and mother, Mr. and Mrs. M. T. McCallen reside, is one of the two new members of the squad. McCallen has been on the patrol for the past two years and came here from the Bay Bridge area.

McCallen is married and has two children and the family hopes to move here from their home at Roseville.

The second new man here is W. P. Worsham, who has been working in the Redwood City area. He has been on the patrol for the past eight years and also has a family residing in the bay area.

## Summit Couple Have Daughter At Hospital

Diana Morey arrived at the Tahoe Forest Hospital Tuesday, October 9, and weighed seven pounds, five ounces. She is the daughter of Mr. and Mrs. Roland Morey of Norden where her father is employed by the Southern Pacific. Dr. L. D. Nelson was the attending physician.

## Safety Problems Studied By Elementary P. T. A.

Forty-one parents and friends of the Truckee Elementary School P.T.A. were present at the October 8 meeting at which Mrs. Edward Frates presided.

The kindergarten class, taught by Mrs. Dee Osborn was given the award for attendance.

Mrs. R. Roberson, O. Tiffie, Charles Vind were named as a committee to investigate the problem of safety for the children crossing Highway 40.

The next regular meeting of the group will be on November 12.

## PANEL DISCUSSION TO FEATURE MEET

A panel discussion will be held tonight in the building at 8 p.m. by the Tahoe-Truckee Unified High School Association of Parent and Teacher.

The interesting and thought-provoking program theme on "What Teenagers Think of Their Parents" was chosen.

Russell York, president of the organization will conduct the meeting.

Mrs. Robert Leamon was named chairman of the refreshment committee.

## Storms End Fire Danger As Snow Blankets Summit

Light Fire Season Is Ended As Lookouts Closed For Summer

The 1.35 inches of rain which fell in this district during the past week has eliminated, for at least two weeks, the critical fire hazard which existed in the forests.

As a result of the storms, the lookouts have been released from the Verdi and Stateline stations by the U. S. Forest Service, Nelson Stone, assistant ranger, reported. The Martis Peak lookout is on a standby basis until it is definitely established that a drying period does not follow the current wet weather.

All but seven men of the suppression crews have been discharged, although the tankers are being kept in readiness.

The storm Sunday is believed to have brought to a close one of the best fire seasons on record in this district. Although there were 36 fires, 21 man-caused and 15 started by lightning, one extended over half an acre and the loss was at a minimum. This record was due largely to the close watch kept by the patrols and the fast and effective work of the forest service crews.

Stone said that although piled burning will now be permitted in the area permits will be required until November 30 as usual. These permits are obtainable at the forest service office.

The rain completely dampened the forest and dry brush and grass and on the higher elevations a light fall of snow was observed.

## OFFICERS ELECTED BY SUNSHINE GIRLS

Donner Council No. 13, Pythian Sunshine Girls met Wednesday with Ireda Harris, royal princess presiding. The election of officers resulted in the following being elected:

Ireda Harris, junior past royal princess; Sheri Curran, royal princess; Karen Smart, charity; Joan Brown, friendship; Valeria Mandeville, exchequer; Marjorie Pearson, recorder; Kathy Curran, guide; Janice Roth, mystic one; Wilma Hensley, prelate; Mary Ann Miller, color bearer; Nona Rae Coffey, musician; Diane McGilhon, warder; Wilana Curran, sentinel; Ellen Gail Lyons, banner girl.

Installation will be held November 6 with Nona Rae Coffey as the installing officer. A communication from the grand royal princess, Laura Ann Smith of Richmond named Nona Rae Coffey on the seating committee for the grand council next July and Mrs. Pearl Heller, advisor, on the returns and credentials committee.

An open meeting for Knights of Pythias, Pythian Sisters and friends will be held October 26 when the girls will exemplify their work. Entertainment and refreshments will follow.

## CHARLES CORY DIES IN BAY HOSPITAL

Requiem mass for the late Charles William Cory was celebrated at St. Thomas Aquinas Cathedral in Reno Monday. Cory, 80, died Saturday in the Southern Pacific Hospital at San Francisco.

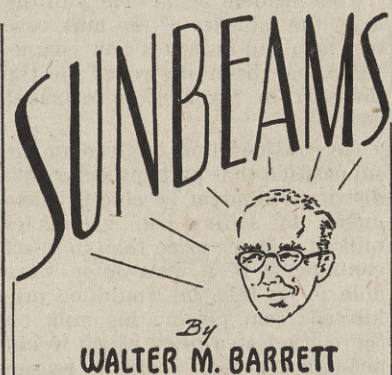

The deceased was a brother of Mrs. Hannah Harvey, former Truckee resident now living in Sacramento. He was a member of the Truckee Odd Fellows Lodge and will be remembered by many local old-timers.

## TWO NEW HOMES IN AREA NEAR COMPLETE

Two new houses now under construction in Gateway Park will be ready for occupancy by their owners before the winter. Mr. and Mrs. Daven Morey and their children plan to spend Thanksgiving in their attractive three-bedroom house, located opposite the I. Firpo residence.

Mr. and Mrs. Earl E. Talbert expect to be able to move in the near future into their modern dwelling across the street from the Tahoe Forest Hospital.

The Talberts have come from the San Joaquin district where he has been a long time employee of the Southern Pacific Company.

We think the officers and members of the Truckee Volunteer Fire Department are entitled to a vote of thanks for the great job they have done in building the new fire house. The project took a year and a half and cost \$3000 but without the cooperation of the firemen, local contractors and others, the cost would have been more than twice that amount. It is co-operation like this that makes us proud of our community and its organizations.

Incidentally, the fire department at Kings Beach is faced with a similar project and the officers there are making a plea to everyone who can, to contribute work to complete the fire station before winter arrives. Volunteers are asked to report to the fire house or contact the chief as the necessity for having the building complete before storms interfere is urgent. All types of labor is needed and any service will be greatly appreciated.

## Ricochet Bullet Hits Hunter's Eye

William Whittle, 29, North Sacramento, is one of the most fortunate hunters to invade this district during the current season—even though he failed to bag a deer.

Whittle is thankful to be alive and have both his eyes following a most unusual accident near Norden Sunday morning.

The hunter was unloading his new high-powered rifle preparatory to getting into his car. He was ejecting the shells with the gun pointed into the ground at his feet when one shell exploded sending the bullet against a rock. The bullet ricocheted directly back and struck Whittle under the left eye, half of the lead embedding itself in the flesh and the other penetrating under the eyeball.

Whittle's companion flagged down State Patrolman Bud McCallen who took the injured man to the Tahoe Forest Hospital where surgery by Dr. L. D. Nelson was successful and no permanent injury resulted.

The Whittle accident was the third shooting mishap during the season, and all three victims suffered from their own guns, the other two being shot in their legs.

## TWO ASSAULT CASES GIVEN EQUAL TERMS

Judge Foster Wilson has meted out identical sentences to two men on the same charge, within the week. Jesse Mandes, Truckee, appeared before him on October 5 on a charge of battery signed by Ray Falkenberg and was given a fine of \$100 and 90 days in jail. The 90 days was suspended for three years on probation.

Andy Garcia, Truckee, appeared in court on October 8 on a battery charge signed by Harry Rogers, a tourist. Garcia was also fined \$100, given 90 days in jail with the 90 days suspended for three years on probation.

In each case the battery was unprovoked, according to the complaints.

## Mrs. McCarty Again To Head Wyethia Club

At the October 4th meeting of the Wyethia Women's Club of Truckee, nomination and election of officers for the coming year, was held. Mrs. Ray McCarty, of Soda Springs, was reelected president; Mrs. C. E. Allison of Donner Lake, vice president; Mrs. R. King of Truckee, recording secretary; Mrs. E. Welch of Donner Lake, corresponding secretary; and Mrs. E. Miller of Truckee, reelected treasurer.

The new officers will be installed at dinner party at Donner Lake Lodge on November 10th at 7:30 p.m.

## Commission Will Hear Arguments For Emerald Span

Large Delegation Expected To Attend Session On November 18

A large delegation of residents and property owners of the Lake Tahoe Truckee area is expected to attend a meeting of the California Highway Commission in Sacramento at 10 a.m. Thursday, October 18 for a discussion of the Emerald Bay road problem.

The meeting was arranged by Senator Swift Berry of Eldorado County and will be held in the Public Works Building, 1112 N. street.

At a meeting of the Tahoe Rotary Club Tuesday night, it was agreed that nearly 100 percent of the members would attend, with George Kehlet heading that particular delegation. Officials and members of the chambers of commerce, other service organizations and clubs and lodges are expected to be in attendance.

The section of State Route 89 at Emerald Bay has been closed since an earth slide last December despite continuing efforts to reopen it throughout the summer. A concerted drive to have the division of highways construct a bridge over the mouth of the bay has thus far failed to bring results and the idea is being vigorously opposed by the department of beaches and parks.

It is the hope of the delegations attending the meeting next Thursday to get a definite commitment from the highway commission that something will be done to relieve the deplorable condition which is costing business people thousands of dollars and inconveniencing thousands of motorists and vacationists.

## Young Friend Rescues Floriston Boy After He Falls Off 15-Foot Ledge

Falling off the ledge of a 15-foot cliff above the railroad tracks, while playing Sunday near his home at Floriston, Skip Peterson, 10 years old son of Mr. and Mrs. Gordon Peterson realized that a friend in need is a friend in deed, following his rescue by Lennie Berger, 12 years old playmate.

Young Peterson slipped on the rocky cliff, according to Mrs. Alex Ayala, sustaining compound fractures in both bones of his right leg, bruises and shock and Lennie carried the victim on his back up the incline to obtain help.

Gordon is receiving treatment in a Reno hospital for his injuries and is expected to remain there for at least two weeks. In the meantime he will be glad to receive messages from his friends.

## BUILDERS WARNED ON ORDINANCE 192

Builders in areas unsewered are required, under ordinance No. 192, to submit a plot plan, including the size of the proposed building to Wendell E. Dungan, area sanitation.

Inspection of the proposed site must be made and approved by the sanitation or the health department.

Serious and expensive changes in plans have occurred within the past several days where plot plans have been incorrect, Dungan pointed out. Some builders may be required to raise their houses to higher ground to make sewage disposal possible, he added.

## BROTHER DIES

Private funeral services were held in Colusa last week for William Noel Sweet, brother of Mrs. Atha Heitman of Tahoe City. Sweet was a resident of the Colusa district for many years, the son of Mrs. A. A. Stafford of that city.

## IN HOSPITAL

Mrs. Rose Sardi is recovering at the Tahoe Forest Hospital following a respiratory attack early Monday morning.

## Gets News Of Home Town

Mr. and Mrs. Henry Williams of Sacramento sent a renewal of their Sierra Sun subscription explaining that they enjoy getting the news of the "old home town" and included greetings to their many friends here.

## Fire Station Here Completed After Volunteers Assist

As a fitting tribute to Fire Prevention Week, Fire Chief N. F. Dolley this week announced completion of the Truckee Volunteer Fire Department's new fire station.

The structure was built largely through volunteer labor and with much of the materials donated. The actual cost of the department, Dolley said, is approximately \$3000 while the value was set at \$7000 to \$8000.

The building, constructed of concrete and concrete blocks, was started in the spring of 1955 and was made possible through contributions and two community dinners sponsored by the department at the high school. Among those who were extended a special vote of thanks by Chief Dolley were Jack Wolert, local building contractor; Rocky Rockholm, mason; G. E. Waters of Deer Park, who poured the floor; Tuck Roofing Co., which supplied the roofing; Bud Owens, electrical contractor; Carl Painter, builder and members of the department and other local residents who gave of their time, efforts and money.

The new house is 28 by 30 feet and shelters two fire trucks as well as hose drying equipment. It adjoins the smaller and original fire station on the east end of the main street and everyone is invited to scan the results of the year and a half of work by the local firemen.

## FALL SCHEDULE OF MASSES ANNOUNCED

Father P. J. O'Neill who returned two weeks ago from a visit with relatives and friends in Ireland has resumed his duties as pastor of the Catholic churches in this region.

Father O'Neill has announced the schedule of masses for the area for the months of October, November and December to be as follows:

Truckee, Assumption Church, 9:30 a.m.  
Tahoe City, Corpus Christi, 8 a.m.  
Kings Beach, Our Lake of the Lake, 11:30 a.m.

Motel and hotel operators are asked to note these changes for the benefit of their guests.

## C. Z. SMITH ARRIVES TO OPEN BUSINESS

C. Z. Smith has arrived here from Sacramento to establish an insurance office. For the time being at least, he has obtained office space in Rex Reid's Builders Service Center at Donner Lake.

Smith has represented the Monarch Life Insurance Company for a number of years, first at Healdsburg and for the past two years at Sacramento where the family has a new home in Arden Park. Mrs. Smith and the couple's three children, two boys, aged 12 and 15 and their daughter, 14, will join Smith here as soon as possible. All are enthusiastic about their new home and the prospects here and are ardent winter sports followers. Smith said he will engage in all forms of insurance.

## ACCUSED DRUNKS GIVEN JAIL TERMS

W. R. Sparks, 45, San Francisco, was sentenced to serve 10 days in jail on a drunk charge by Judge F. W. Wilson following his arrest by deputies sheriff this week. Edward Larkin, 40, Tahoe City, was sentenced to seven days on a similar charge and David Schneider, 46, Truckee, was given a five-day sentence.

## COLFAX RECORD IS SOLD TO HAYWOODS

COLFAX—Mrs. R. T. Thurman, today announced the sale of the Colfax Record to Mr. and Mrs. Clinton Haywood of Ferndale, Humboldt County. The Haywoods will take possession next week. Haywood has been employed by the Ferndale Enterprise for the past 20 years.

The Colfax Record was purchased by the late Allen G. and Mrs. Thurman in November of 1920, and since Thurman's death in January of 1954 Mrs. Thurman has

## 1000 Expected At Buck Stew Here Sunday Afternoon

Voting For Queen To End Saturday; Plans Are Completed

Charles Osburn, chairman for the Truckee Outdoor Sportsmen's buck stew committee, reports that all is in readiness for the event Sunday afternoon at 1 p.m.

More than 100 prizes, including a hunting rifle, have been donated by various merchants and the Sportsmen and will be presented immediately following the feast.

Jack Waggoner, the club's president, will be master of ceremonies and will crown the queen.

Osburn announced today that the race between the three contestants for the queen honors is very close with the deadline for balloting set for Saturday at noon. He urged everyone who wishes to participate in this event to be sure their ballots are in by that time. Announcement of the winner will be made at the time of the feast.

Doyle McGinn of Doyle's Market is preparing the venison for the pots and Johnny and Julia Ciradella will officiate as chefs. A corps of assistants will do the serving.

Osburn said plans are being made for the reception of more than 1000 guests who are expected to crowd Capitol Hall to capacity. Everyone is welcome.

The event marks the highlight of the year's activities by the Truckee Outdoor Sportsmen and is in appreciation for the support given during the year.

## No Change Seen In U.S. 40 Routing

Rumors to the contrary, there is no immediate plan by the division of highways to change the routing of the proposed four-lane alignment of U. S. Highway 40 from the route selected for the Floriston-Donner Lake section established this summer.

There may be some minor change in design of intersecting roads but the general alignment will remain intact, Clarence Hamma, advance planning engineer for the division and Robert Briggs, design engineer, declared while here on business this week.

The present routing has been approved by the state as well as the bureau of public roads and any change will be of a minor nature as it affects the picture as a whole, Hamma declared.

The two were in the area making arrangements for public meetings which will affect the alignment of the route over Donner Summit. Details and the date for the meetings will be made following meetings with the boards of supervisors of Placer and Nevada counties this month.

## "Swanee" Recovering At Home In Truckee

Mrs. Eleanor Swanson, a resident of Lake Tahoe for many years who has been living in Reno since a recent illness is now living in Truckee with a daughter, Mrs. Jacqueline Murray.

Mrs. Swanson's friends in this district will be glad to learn of her gradual improvement of health.

## LOST DOG FOUND IN SAGE HEN DISTRICT

Kappy, the ancient beagle, has been reunited with his owners, Lud and Helen Burket of San Francisco after being lost in the mountains near here for several days.

Kappy was found Friday on Sage Hen Creek by Dean Vincent who reported the discovery to the worried owners who came immediately upon notification to return the old vet to his couch for a balance of life in leisure, this surely being Kappy's last adventure because of his advanced age and uncertain health.

## QUEEN CANDIDATE VISITS SPONSOR CLUB

Miss Sharon Tremayne, the candidate of the Truckee Rotary Club for the Truckee Outdoor Sportsmen's annual buck stew scheduled for Sunday, was an honored guest at the meeting of the club Monday at Donner Lake Lodge. Miss Tremayne was the guest of her father and during the evening her popularity was proven by the number of votes she received from the members.

State Patrolman Worsham was a guest at the meeting. A junior Rotarian, Bob Trask, gave a short resume of the football game with Carson City last Saturday. R. R. Frank presided.

Preparations were made for the reception of District Governor Clyde Curtis at next Monday's meeting.

Sec. 5. It shall be the duty of the Secretary of State to disseminate information relative to this act in accordance with Section 1, Article XVI of the Constitution. The costs of publication shall be paid out of the Veterans' Farm and Home Building Fund of 1943.

THE BEST OF RIDES—FOR FOLKS OR FREIGHT

## NEWS NOTES FROM TAHOE

By Naomi McLane  
P. O. Box 195, Tahoma

### Waterspouts

Living back in the woods has wonderful advantages but Sunday I would have loved to have had a lakeside seat from which to have seen the phenomenal waterspouts which were so exciting to all who saw them. Ben and Jean Callender of Callender's Lodge in Homewood called us to tell about them but they were gone by the time we could get there.

Emmett Gordon took some pictures with his Brownie but it was so gloomy and the spouts so far away it will be unusual if anything shows. Ben said that in all of his 40 years here at the lake he has never seen anything like Sunday's display. No one laughed at the tourist who reported a downed jet

plane. He thought the great spout he saw was a vapor trail which obviously ended in the lake.

### Boats On Lake

Many of you have undoubtedly seen, or at least heard, two big boats out on the lake this last week. J. Phillip Murphy has had both the Breathless and his new boat, Move Along, out there. Cliff Delen reports that both did fine and are in good shape for races this weekend down at Lake Meade. The boats pulled out for Las Vegas Sunday.

### Meet At Squaw

Mrs. Blanche Donaldson, president of Squaw Valley-Tahoe Ski Club announces with much pleasure that the club has just signed a contract to hold the Northern American Ski Championships here next March 9 and 10. Those races will give the new downhill course a real workout and give plenty of time to find and iron out wrinkles before the Olympic in 1960. Blanche wants all interested people

to know that the club will begin meetings the first Friday in November and will meet each Friday night thereafter.

### Scout Meeting

Friday night parents of Scouts and Cubs met at the Community Hall to make plans for the scouting year. Paul and Naomi Horvath who have done so much for this community in both boy and girl scouting are not taking direct charge this year of troops and, since I may be personal in this column, I would like to say I think they deserve a raise. It is not often a town gets to have two people in one family, both so eager to help and so well able as Naomi and Paul are. We feel very grateful to them. Ken Marvin will continue his good work as Scoutmaster of Troop 27 and Chris Burmer, recently from Santa Cruz, will take over Paul's duties. Chris' wife, who is no stranger to lake people since she is Della Goss's granddaughter, will join Mrs. Ern-

est Hoxie as a den mother.

Mr. and Mrs. Burmer almost have a Cub Pack as it is with their four boys, Grant, Gary, Chris, and Mike. We are glad they will be here all year round.

### Adding Units

Bill and Shirley Conger are adding six units making a total of ten to their motel in Tahoe City. They will be open and ready for business in the spring and will, as usual, spend most of the winter right here.

### Open All Winter

Wendell and Lorna Russell opened their new Russell 'N Pines Inn in early August and have been too busy to take even a between-season's breather. They plan to be open all winter. This new motel is just opposite Harry Johnson's although its soft green color and attractive patio-like facade has undoubtedly already caught every eye. Wendell Russell has come up here to live after 27 years in Tracy where he served as superintendent of the Tracy School District.

### Up For Visit

Mr. and Mrs. Ralph Steele of Los Altos are up for "too short a while" at their Lakeside home near Tahoe Park.

### Catches Big Fish

Mrs. Evelyn Curtis of Pineland caught an eight and a half pound rainbow off Homewood pier last week. She is justifiably proud of her catch.

### Remodel Home

The Ray Grahn of Lake Forest have recently finished remodeling their home.

### Sells Home

Tommy Brown who has lived at the lake since the 1920's has just sold his beautiful Lake Forest home and is moving to Auburn. His many friends here will certainly miss him.

### Rotary Meets

Rotary met Tuesday night at the Tahoe Inn with 28 members present and two visitors. Attorney Gerald Wallace of Auburn gave an interesting talk on various court writs and explained how he was able to keep his name on the ballot by the use of different writs. He was running for a judgeship in the second superior court.

Bill Connors and Jim Martin were appointed co-chairmen of the Halloween party and Basil Kehoe was named chairman of the Christmas tree party which is given for all the children of the Tahoe City area.

### Friend Killed

Mrs. Ethel Vernon just told me of an item which will sadden those who knew her. While Airman First Class Florence B. Vernon was home last week on furlough she received news that her dear friend, Helen, Schuyler Funk, who has visited here many times was killed in a C-47 plane crash on a mountainside near Denver. Mrs. Funk was flying out at the time to join Florence in her visit here. All 12 of the passengers in the plane were killed. All except three were army personnel.

### PTA Appointments

PTA committee chairmen were appointed at the last meeting by President Mable Nielsen. The chairmen and some of the committees as follows: Program committee, Lillian Farr with Naomi Horvath and Eda Obexer; publicity, Geri Bean with Doris Day; budget and finance, Naomi Horvath with Naomi McLane; membership, Martha Snyder with Dorothy Bury;

hospitality, Doris Clark; ways and means, Pat Cross, Calolyn Hendrickson, Robbie Moore; child supervision, Beverly Gregg; magazine committee, Mrs. Bob Jorgenson and Mrs. David D. McBride.

Mabel Nielsen also appointed Mrs. George W. Caulkett to be chairman of the school Halloween party which will be held Friday night, October 26.

### Treasure Hunt

A treasure hunt-birthday party was held at the Tahoma home of Bob and Jackie Campbell in honor of their daughter Carolee's 11th birthday. All of the sixth grade were invited. Among the guests were Grant and Gary Burmer, Steve Yeager, Vicki Jo Rich, Kim Turner, Erica McLane, Pam Kehlet, Pam Clark, Vic Sartor, and Donna Wright. Party favors were ceramics made by Jackie in her own kiln.

An ordinary paper bag is a potent weapon in the growing war against roadside litter. Carry a litter bag in your car and use it.

## STRICTLY STRICKLAND

By Bill Strickland

Between the World Series and college and professional football, it seems that activities on our Mountain Top have almost come to a standstill. Bud Zorich and Art Couillard took off Friday for the Bay area and two days of football—the Cal-Pittsburg game on Saturday and the 49ers-L.A. Rams game on Sunday. Two 49er players were up here last winter; so there is quite a bit of interest in how the 49ers make out this year. No matter which lodge you walk into during the day, there is a good crowd watching the New Yorks' and the Brooklyn's—a few people are working though; the upper terminal of the Soda Springs J-Bar is almost completed; so now as soon as the cable is hung, plus the bars themselves, that changed operation will be ready to go.

Cards were received in the mail the other day from Betty Board, Jane Glass and Pat Woodard announcing a pink and blue was to be held at Betty's house in the Sugar Bowl. I haven't had any further word on it, but do know that it was for Barbara Zorich and that every gal on the Hill that wasn't working attended.

Ran into Charlie Osburn up here the other day. We don't see the Truckee business people too often, so as a result, our curiosity was aroused. Discovered he was putting out the ticket for the buck stew and queen contest, and that they had been placed very strategically in every business place on the Mountain. I guess those 20-30'ers knew they'd get a lot of Mountain support with our new school marm as their queen candidate. After all, if San Francisco thinks she's pretty good, who are we to argue? We're bigger than San Francisco (in area anyway). We cast two votes by separating ourselves from a buck.

Our Legion Post meets this coming week. Our plans for the post's veterans day breakfast will be completed, as will the proposed progressive dinner. Also, our junior ski racing program will be up for renewal. We understand there will be some opposition to its continuance. I certainly hope it can be overcome. It is an excellent undertaking and one worthy of

## "LET'S FINISH THE JOB" IS THEME OF 1956 DIMES MARCH

KINGS BEACH—The theme of the 1957 March of Dimes will be "Let's Finish the Job," it was reported by William Dugan, Admiral John S. Crenshaw and Wiley Jones, Crystal Bay, following their return from a regional conference of March of Dimes leaders in Reno Thursday, October 4.

"The fight against polio will not be finished until polio is finished as acrippler of children and adults," they declared in revealing that \$46,900,000 would be needed to fight polio in 1957.

They met with Raymond Barrows, national foundation executive director, Joseph F. Nee, national March of Dimes director, and volunteer leaders from a four-state area.

"The advent of the March of Dimes—sponsored Salk vaccine has led a very great many people to believe that polio is just about licked," Nee said. "I wish it were, but the sad fact is this simply isn't so."

Nee went on to say that millions and millions of susceptible persons were still unvaccinated and that thousands and thousands already or due to be stricken with polio were beyond the help of vaccine.

"This circumstance," he said, "calls for more action and more funds if victory over a virus is to be translated into victory over a disease."

A total of \$10,000,000 of the 1957 need will be earmarked for a vaccination program now being evolved. While the program had not been spelled out yet, generally, it will be aimed at assisting those who cannot afford to get their families vaccinated, the March of

the support of everyone connected with winter sports. After all, if ski businesses won't support something like this to help build and encourage skiing and ski competition, how do they hope to build up trade from the metropolitan areas and arouse the interest of non-skiers, and convince them that they should visit this area and take up skiing as a sport? It sure beats me!

I've just received a letter from Larry Young, regional editor of "National Skiing" in Denver, Colo. That publication will, from now on, be the official voice of skiing for all of the Far West Ski Association. Anyway, he offered me the job of correspondent for this area, and I was certainly very happy to accept it. I've sent in one article already, which I hope will make the first edition of this new medium. If you have any hot items, shoot them up to me; so we can publicize them. Nation skiing has a circulation of 50,000 and they are all skiers.

Do you like snappy retorts? Try these! "Do it tomorrow. You've made enough mistakes today!" or, "If you're looking for someone with a little authority, try me, I've got about as little as anyone here!"

Don't forget our Community Club meeting, Thursday, October 18th at 8 p.m.—at the Donner Trail elementary school. All discussions should be of vital interest and will, if not directly, inadvertently concern you, and you, and you.

## SAVE NOW WITH RICH-HEAT HEATING OIL

Your savings start with the first tankful of Rich-Heat Heating Oil. The favorite fuel for clean, trouble-free performance. Fuel lines, filters, burners stay clean because Rich-Heat contains amazing Solarite. It burns so easily and completely—you can forget about grease, smoke and soot!

Start your winter heating right with RICH-HEAT Heating Oil. Order today. We have the right type for your burner.

## Official Feted

Mrs. Pat H. (Beth N.) Kveton, Dallas, Texas, national president of the Laides Auxiliaries of the Veterans of Foreign Wars, who was honored at a luncheon given by the Auxiliary of Post 7077 at Crystal Bay Wednesday.

## Mrs. Bud Zorich Feted At Shower On Summit

SODA SPRINGS—Mrs. Bud Zorich of Soda Springs, was the honored guest at a pink and blue party given by the Mesdames Jack Woodard, Gerald Glass, and Bradley Board, at the latter's home in Sugar Bowl on Thursday evening. Highlighting the theme was luminous white storks attached to the trees directing the guests through Sugar Bowl village to the Board home.

The appointments were carried out with pink and blue storks dramatizing the lighting effect in the picturesque living room and the massive oak table was decoratively done with pink candelabra and appropriately colored flowers centering a large stork. The honoree received many lovely and useful gifts followed by the serving of delightful refreshments.

The invitational list included the Mesdames Weldon Lucot of Sacramento, sister of the honored guest, G. E. Lewis, Gilbert Kumble, J. Neugebauer, L. D. Nelson, Claude Harrison, Harry Stout of Truckee, Tony Reichter, Kirby Schull, H. Frederick of Norden, William Cardwell, Walter Haug, Jack Gross, Jack deRyk, Bill Klien of Sugar Bowl, Harry Beyer, Ralph Howton, Bill Strickland, John Johansen, Art Couillard, I. Travis, James Sheritt, Charles Merica, and Advi Aro of Soda Springs, Brant Chaplin, Norman Rockholm and Elmo Moriano of Reno, David Fritsch of Tahoe City and Miss Jeanne Kessey of Norden.

## Dunes September Club Annual Party Saturday

LAKE FOREST—Mr. and Mrs. Austin Reblin of Concord, entertained the charter members of the Dunes September Club last Saturday.

Dimes leader said.

As the impact of polio shifts from epidemic emergencies to the restoration of devastated lives Nee went on, considerably more March of Dimes funds must be channelled into an all-out rehabilitative attack against the disease.

"As the fight against infantile paralysis was carried on over the years," he explained, "the pressure of epidemic polio made us concentrate on saving lives. Now, even before the acute phase of our job is finished, our emphasis must shift more and more to making those saved lives worth living."

day evening at their Lake Forest home.

A buffet dinner of roast turkey with all the trimmings was served. Those enjoying this festive occasion were Mr. and Mrs. Nick Powell of Los Angeles, Mr. and Mrs. Frank Barcus of Oakland, Dr. and Mrs. George Muller of Walnut Creek, Mr. Reblin's secretary, Miss Norma Nelson, and friend, Miss Natalie Johnson of Cambridge, Mass., the hosts, Mr. and Mrs. Austin Reblin and their children, Lisa and Rickey.

Mr. and Mrs. Reblin are honorary members of the Dunes September Club having spent many vacations at the Dunes before purchasing their lovely summer home at Lake Forest.

Dr. Muller entertained the group by showing pictures of their trip to Hawaii and Mrs. Muller danced several beautiful Hawaiian numbers. Dr. Muller also showed pictures of the group on a recent trip

to Squaw Valley and Five Lakes and many of Lake Tahoe.

## What makes a glass of beer so right?

● Here in California we take real pride in our homes and grounds, but an afternoon spent mowing the lawn or clipping the hedge can be hot, hard work. Then's the time that nothing feels quite as good as sitting back with a tall, cool beer.

Beer is the beverage of moderation—it fits right into the friendly, informal California way of life. Whether it's after a do-it-yourself session or on a picnic, beer is light, sensible refreshment.

Beer belongs to California living

## Tahoe-Truckee School District News

### DONNER TRAIL SCHOOL

Kindergarten, First and Second Grades: (Teacher, Jeanne Kessey.) The children in the primary grades at Donner Trail School heard the story of "The Gingerbread Man" one day.

A few days later, the class visited the Z Market to see what a grocery store looks like. Everyone learned many things about the operation of a market—where food comes from, how it is displayed, how people buy it, and all were delighted when the manager served refreshments after the tour.

Third, Fourth, Fifth and Sixth Grades: (Teacher, Robert Bailey.)

We are planning a trip to the weather-station at Blue Canyon next week. Mr. Hambidge is in charge of the station and will show us around.

Karen Hansen made a trip to Yuba City with her parents over the weekend.

Leonard and Dave Watts went to Woodland this Saturday. They used to live there before moving here.

Tomy Turkeldson's family are moving to Soda Springs very soon.

We are getting a new school bus to replace the one we have outgrown.

### TRUCKEE ELEMENTARY

Kindergarten (Teacher, Mrs. Dee Osborn.) To Mary Lou Randall went the honor of the fifth birthday in our room. She was five years old on September 23, and we surprised her with a birthday cake on Monday, the 24th.

We miss Craig Swauger who is away with his parents on their vacation.

David Goldsmith took care of our two turtles last week. Bruce Leamon has that assignment for this week.

Skipper Close is caring for the goldfish and the snails this week. That was David Cape's job last week.

Pammie Notley has done a very efficient job of caring for the plants.

First Grade (Teacher, Helen Camp.) We are happy Bill Cardinal is able to be back with us. He has a cast on his leg and was quite the center of interest on his first day back.

First Grade: (Teacher, Ruth Croxson.) Karin Meixner brought a nice collection of shells to school this week.

Pamela Hormon, Michael Larin, Michael Kydd, Beverly King, Linda Russell, Karin Meixner and Kathy Heagle finished their work-book this week.

Marion Ayala, Dicky Daniels, John McGlade and Eddie Anderson showed great improvement in their writing.

Second Grade: (Teacher, Helen Trask.) Mr. Baker sent us two beautiful pictures of trains from the library to enjoy in Social Studies. As we talked about the people who had charge of shipments by express, Gary Waters told us about his father's work.

We are sorry to lose Patty Deming and William Hendrix, who are moving away.

Third Grade: (Teacher, Arlene Roth.) The third weekly spelling test showed much improvement over the first week. There were 21 perfect papers this week. Those who have had three perfect papers are: Kathleen Kenyon, Kristin Meixner, Diana Pankoke, Ricky Ralphs and Linda Lee Tarbutton. Much improvement has been made by Courtney Lewis, Jimmy McCurry and Doug Nelson.

Fourth Grade: (Teacher, John Stever.) The fourth graders operated in a spirit of democracy during the past week. Three pupils, Marcia Leamon, Gary Jensen, and Tod Bedrosian earned this recognition for good work. In keeping with the democratic spirit, the concept of American justice, "innocent before proven guilty," and the "jury system," were given minor applica-

—Political Advertising

Retain  
Leland J.  
PROPP

JUDGE SUPERIOR COURT  
Placer County

tion in the classroom.

About 15 members of the class now make up the recently formed "News" committee.

On the milk committee this week were Jimmy Roth and Gloria Jean Boyer. Marcia Leamon and Linda Moran carried out the assignment of passing out the lunch cards.

Fifth Grade: (Teacher, Mrs. Olia Tiffie.) Jack Arterburn was welcomed back Wednesday after a short stay in Martinez. The class is sorry to have Dennis Deming move to Lake Forest.

Those pupils making a perfect score in spelling this week were: Kenneth Stumbaugh, James Hamilton, Barbara Steele and Bonnie Fair.

Sixth Grade: (Teacher, Mrs. Ruth Roberson.) On Friday, the sixth grade had a motion picture about "Mexican Children."

This week we have had a series of time tests in subtraction. These time tests are supplementary work and are in addition to our regular arithmetic work.

### TAHOE LAKE SCHOOL

Kindergarten and First Grade: (Teacher, Geraldine Bean.) Tahoe Lake kindergarten and first grade room is especially concentrating on good housekeeping this week.

Our closet monitors are Ruth Ann Dunn and Tony McLane. Our play-house monitors are Diana North-cliff and Denny Boyle. Block monitors are Breezie Cross and Chips Schlickler. Book monitors are Erik Hendrikson and Ann Starratt.

Blanket monitors are Kathy Stowe and Greg Pyle. Toy monitors are Heidi Hendrikson and Mike Hewitt. Board monitor is Jim Henry.

First and Second Grades: (Teacher, Mrs. Beavers.) The first and second grade has traded rooms with Mrs. Farr this week, and we are enjoying our new room very much.

Third and Fourth Grades: (Teacher, Lillian Farr.) As a result of the new story called "Julie's Secret Sloth," the third grade has been doing research on the particular habits of the sloth. Lance Poulsen and Pat Dempsey brought encyclopedias to school for special reports.

The fourth grade is completing their first mural on the time-line procedure. Don Bury won first acclaim in the social studies outlining important facts.

Fifth and Sixth Grades: (Teacher, Mrs. Helen Rauscher.) The fifth and sixth grade completed a series of SRH achievement tests in arithmetic, reading, work study skills, and language arts.

New baseball teams were chosen by the newly elected captains, Steve Horvath and Danny Connors.

Fifth grader Kim Turner became the new spell-down "champ."

She spelled all the words in the first four lessons correctly.

**KINGS BEACH SCHOOL**  
Kindergarten and First Grade: (Teacher, Elrose Knudsen.) The first graders, have finished their reading readiness books.

Mrs. Butterfield visited our room and taught the children in the first grade how to make snakes.

Greg Pope went to the hospital this week to have his tonsils removed.

Four children left this week. They are Greg and Steve Krips, and Sandra and Shirley Bowlin.

A newcomer to our room this week is Cathy McIntire. Cathy previously lived in Alhambra, Calif.

Second and Third Grades: (Teacher, Mrs. K. Wing.) On Tuesday, our class viewed the film, "California Deer."

Mrs. Wing gave standardized tests in reading to the entire third grade Wednesday.

Cherry Smith brought many different rocks to share with her classmates.

Darryl Lausche brought his basketball for us to play with.

Our class had perfect attendance Tuesday and Wednesday of this week.

On Wednesday afternoon all the second and third grade girls met with their mothers to organize a Brownie troop.

Kenny Kammerer announced that his new brother is growing.

Beverly Bergman was absent several days due to an illness.

Third and Fourth Grades: (Teacher, Mrs. Dorothy Corbin.) Monday, Estelle Howell and Phil Thompson brought to a class a frog.

Monday, Laura Tuttle enrolled in our class. She came from Placerville. They are staying in Kings Beach for the winter.

Wednesday, Mrs. Klitzske brought ice cream, punch, and birthday cake. It was Harvey's birthday.

This week we are making Health Charts, and finding out why we should eat some of the foods we didn't care for previously.

Fifth and Sixth Grades: (Teacher, Mrs. Ray Bisio.) Patricia and Barbara Bowling left this week for San Bernardino.

Edward Gall and Harry McIntyre were new arrivals this week. Both of them plan on staying the winter.

With the giant state of Texas in place, progress on the large map of the United States continues at a rapid pace. If the weather holds, the entire map should be finished in about two weeks.

Departing from Tahoe City is Mrs. Fred Manley, returning to her home at Los Angeles for the winter.

## WORK PROGRESSES ON SQUAW LODGE

**SQUAW VALLEY**—With Thanksgiving set for opening date, work is going apace at Squaw Valley Lodge with 25 carpenters and 10 laborers working 10 hours a day to meet this tight schedule.

Built almost entirely upon the foundation of the old building, there are still many changes in both appearance and use that will make the new structure different from the old lodge, according to Edwin J. Makrakis, architect in residence for the architectural firm of Malone and Hooper of San Francisco.

Radiant heat throughout the 15,000 square foot structure plus this same heat in the concrete floor of 10,000 square foot sundeck is one significant change. Another is the enlarged dining room which will run through the width of the building from front to back. Plate-glass windows from floor to ceiling will give a view of both east and west.

There will be three bars instead of two, three fireplaces, and a 1300 square foot recreation room downstairs for parties, movies, dancing, etc.

The whole structure is being

## Barker Speaker During Rotary Club Meeting

**KINGS BEACH**—Monday night, was regular meeting night for the Rotary Club of Brockway, presided over by President Pappy Brooks. Visiting Rotarians were present from Richmond and Tahoe City.

Program Chairman Leon Barker being unable to obtain a speaker for the evening, announced that he would give an example talk, entitled "Let's Get Acquainted." He outlined in his talk how the members could learn about each other.

An invitation has been extended to the Rotary Club of Alamada to meet in a joint session sometime in the near future.

The winter address for Mr. and Mrs. N. S. Noll will be Palm Springs changing from Carnelian Bay.

### SIERRA SUN ADS PAY!

raised 12 inches as a protection against wet weather. Laminated wood girders are replacing the old I-beams. The Barrett Construction Company of San Francisco is the contracting firm in charge of this rebuilding.

**EXTRA TRACTION.** With the all-wheel traction of its 4-wheel drive, the Universal 'Jeep' travels through mud, sand, soft earth.

**MOBILE POWER.** With power take-off, it provides power to operate trenchers, winches, and many kinds of farm and industrial machinery.

**TOWING.** Towing heavily-loaded trailers—on or off the road—is easy for the 'Jeep', with the extra traction of its 4-wheel drive and low gear range.

**HAULING.** The 'Jeep' carries up to a half-ton of cargo or up to seven passengers. Takes tools, equipment and workers wherever you need to go.

## Only the 'Jeep' does all these jobs!

The time-tested Universal 'Jeep' spreads its cost over jobs like these and an almost endless variety of others every day of the year. This versatile vehicle gives you additional savings through long life, low upkeep and high resale value.

## OSBURN'S BUICK GARAGE

HIGHWAY 40

TRUCKEE, CALIF.

For over 55 years Truckee has had an established Fire District and for the past 25 years we have had an efficient well organized Volunteer Fire Department.

The major cause of fires continues to be matches and smoking.

Misuse of electricity also causes a large percentage of residential fires.

This is National Fire Prevention Week.

Now is the time to have your house wiring checked for size and adequacy.

See Your Electrical Contractor Today

## TRUCKEE PUBLIC UTILITY DISTRICT

A Tax-Saving, Public Service Enterprise

STATE OF CALIFORNIA  
DEPARTMENT OF PUBLIC WORKS  
DIVISION OF HIGHWAYS  
**NOTICE TO CONTRACTORS**

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on October 31, 1956, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada and Sierra Counties, between 0.5 mile east of Floriston and Nevada State Line (III-Nev.Sie-38-A), about 5.4 miles in length, to be graded and paved with portland cement concrete on cement treated subgrade and a reinforced concrete slab bridge to be constructed.

Bids are required for the entire work described herein.

The attention of bidders is directed to the fact that the work here-in proposed to be done will be financed in whole or in part with Federal funds and that therefore all of the applicable Federal statutes, rules, and regulations will apply to such work.

The attention of bidders is particularly directed to the provisions of Section 7, article (a), subarticle (6), of the Standard Specifications regarding the use of domestic materials; to the provisions of Section 8, article (b), of the Standard Specifications regarding assignment of the contract; to the requirements of Section 7, article (h), of these special provisions regarding non-collusion among contractors; to the requirements of the special provisions regarding subcontracting; and to the prevailing wage rates predetermined by the Secretary of Labor as provided in Sections 5 and 7 of the special provisions.

In accordance with Section 115 of the Federal-Aid Highway Act of 1956, the U.S. Department of Labor has issued Decision No. R-2051 dated September 11, 1956 constituting predetermination of the minimum wage rate prevailing in the immediate locality for the labor classifications anticipated to be used on the work. Laborers and mechanics employed by the Contractor or his subcontractors on the work shall be paid not less than these wage rates as listed below:

	Per Hour
Carpenters:	
Carpenters	\$3.00
Power saw operator	3.125
Saw filer	3.125
Cement mason	2.995
Electricians	3.50
Piledrivers, bridge, dock and wharf carpenters.	3.03

High line cableways	3.425
Locomotives	2.815
Locomotives (steam over 30 tons)	3.095
Material hoists (1 drum)	2.985
Material hoist (2 or more drums used simultaneously in towers or 2 or more compartments)	3.145
Mechanical finishers (concrete or asphalt) (airports, highway or street work)	3.095
Mixermobiles	3.145
Motormen	2.815
Mucking machines	3.225
Pavement breakers, Emsco type and similar types of equipment	3.145
Portable crushers	3.095
Power graders, power planers, motor patrols or any type power blades	3.255
Power shovels and/or other excavating equipment with shovel type controls (up to and including 1 yd.)	3.255
Power shovels and/or other excavating equipment with shovel type controls (over 1 yd.)	3.425
Pugmills (all) woodmixer type	3.145
Pumps	2.705
Le Tourneau pulls (Jeeps, Terra Cobras, LaPlant Choate and similar types of equipment)	3.255
Rollers	3.095
Ross carriers (on construction job site)	2.815
Scopmobile (when used as a hoist)	2.985
Scopmobile (when used as a loader)	3.145
Screedmen	2.705
Self-propelled elevating grade planes	3.145
Spreader machines (Barber Greene, Jaeger, etc.) (engineer and screedman used in operation)	3.095
Surface heaters	3.095
Towermobiles	2.985
Tractors	3.095
Tractors (boom)	3.255
Tractors (tandem)	3.425
Tractor type shovel loaders (scale not to apply when used as a blade or bulldozer)	3.255
Trenching machines	3.145
Truck type loaders	3.255
Concrete batch plant (multiple unit, four or more)	3.095
Euclid loaders and/or similar type equipment (apprentice engineer required)	3.425
Power blade loaders	3.325
High line cableway signalmen	3.075
Refrigeration plant	3.145
Soil stabilizer (P & H or equal)	3.425
All hoisting equipment on speciality craft work	3.325
Pavement breakers with compressor in combination	3.145
Heavy duty rotary drill rigs (such as quarry master, etc.) (self contained units)	3.325
Combination mixer and compressor operator on gunite work	3.325
Piledriver (skid or floating)	3.325
Truck drivers:	
Dump trucks: (water level)	
Under 4 yds.	2.325
4 yds. and under 6 yds.	2.465
6 yds. and under 8 yds.	2.625
8 yds. and under 12 yds.	2.85
12 yds. and over	2.85
Transit-mix:	
Under 4 yds.	2.44
4 yds. and over	2.54
Pick-ups carrying under 1000 lbs.	2.325
Flat rack carrying under 18,000 lbs.	2.325
Flat rack carrying over 18,000 lbs.	2.45
Heavy duty transports	2.59
Teamsters on winch trucks, including "A" frame	\$2.45
Helpers, warehouseman, teamsters	2.325
Road oiler	2.325
Automotive oiler and greaser	2.465
Euclid type (trac) trucks (Use dump truck scale)	
Bootman	2.48
Ross carrier and other type carrier	2.59
Truck repairman—job site construction	3.06
Truck repairman helper—job site construction	2.56
Combination road oiler and bootman	2.83
Buggymobile	2.45
Dumpster	2.39
Jetting wagon	2.50
Self-propelled street sweeper with self-contained refuse bin	2.925
Water wagon:	
Under 2500 gallons	2.50
2500 gallons and over	2.60
Tire repairman, job site construction (This classification shall only apply where a full time employee of the contractor is assigned to the work at the sole discretion of the contractor)	2.925

In accordance with the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate	Classification
Per Hour	Skilled Labor
\$3.095	Asphalt plant engineer
3.00	Carpenter
2.995	Cement finisher (journeyman)
2.705	Concrete mixer operator (up to one yard)
3.035	Concrete mixer operator (over one yard)
3.095	Heavy duty repairman
3.095	Mechanical finisher operator (concrete or asphalt) (highway or street work)
3.255	Operator of power shovel and/or other excavating equipment with shovel-type controls (up to and including one yard)
3.425	Operator of power shovel and/or other excavating equipment with shovel-type controls (over one yard)
2.725	Painter (Nevada County)
2.55	Painter (brush) (Sierra County)
3.255	Power grader operator (power planer, motor patrol or any type power blade)
3.15	Reinforcing iron worker
2.325	Road oiler
3.095	Roller operator
2.705	Screed man
3.095	Spreading machine operator
3.095	Tractor operator
2.625	Truck driver (6 cubic yards and less than 8 cubic yards water level)
2.85	Truck driver (8 cubic yards and less than 12 cubic yards water level)
2.85	Truck driver (12 cubic yards or more water level)
2.575	Intermediate Grade Labor
2.595	Asphalt ironer and raker
2.575	Apprentice (oiler, fireman, watchman)
2.48	Blaster-powderman
2.765	Bootman
2.705	Boxman or mixer box operator (concrete or asphalt plant)
2.575	Fireman in hot plant
2.595	Header board man
2.575	Heavy duty repairman—helper
2.425	Jackhammer operator
2.325	Operator of vibrators and all pneumatic gas and electric tools
2.465	Truck driver (less than 4 cubic yards water level)
	Truck driver (4 cubic yards and less than 6 cubic yards water level)

## NORTH TAHOE

By JUDGE HARRY CHARRISON  
Tahoe Sunset

This may be a few days ago, but I just cannot help writing about it now. It is October 2nd, 5:50 p.m. and the sunset is the most gorgeous I have ever seen at the home of Fred and Francis Rockholm right on the lake front. The lake is kind of turbulent, but that sky and the mountains are a beautiful blue. Then above is a beautiful silver, and above that is just as gold as can be. It's without a doubt the most beautiful sight I have ever seen. It is Lake Tahoe at its best.

### Home Again

Well, well our friend, Seamus Baker, has just returned from his native Ireland, where he spent a couple of months. Jim, as he is better known, flew both ways and says he would not go any other way. Jim is already back at the Crystal Bay Club, bartending.

### Down South

Louie Antillon, the redoubtable plumber of Kings Beach—oh, yes, and his daughter Anita—are a lonesome pair these days. The reason is that Louisa, Mrs. Antillon, is staying in Los Angeles with Mrs. Comstock of Brockway for a few weeks, but will be glad to get back home, by all accounts.

### Convention

We sure missed two of our popular highway patrolmen during the past few days. Both Thomas F. Sheehan and E. R. (Bud) Meixner have been attending a convention in Los Angeles of the California Patrol. We look forward to a good report from these delegates upon their return. Hope to get the convention in this area next year.

### Fire House

Mac Burroughs tells me that the building of the fire house is in full swing or, it would be if a few men of the community would offer themselves to help on the project. No matter what your occupation, you could be of great help and it must be finished before the snow flies or thereabouts. Either call Mac or go right to the scene of operations, just off the highway on the shortcut. Thank you.

### Golf Course Closed

Well, the Brockway golf course is closed for the season, all board-up till spring comes again. The course is a real asset to the Kings Beach-Brockway area, bringing some very worthwhile visitors. The old clubhouse on the lakeside of the road has been made into a swell dwelling.

### Baseball

We can all be thankful for the World Series, at least it has given us a rest from political speeches that bombard us from all sides. It would be pretty nice if there was no speeches, and let the people just use their own judgment.

### New Construction

The most unique motel under construction at the moment is the one at the pond at Tahoe Vista. There are at least 10 log cabins being built right between two waterways, just like a little island of its own. It will be interesting to see the results and how it will look when completed. It is located next to the Silver Sands, and right across the street some more cabins are being built at the Cedar Glenn Lodge. Tahoe Vista is certainly coming into its own now, the strip running from the Pine Ridge motel to the Silver Sands is very desirable, with some of the best beach front on the lake.

### Returned

Although at the moment I have seen them, but I hear that Joby and Helen Lewis have returned to

## DATE CHANGE

KINGS BEACH—The well baby clinic which has been held on the third Thursday of each month at Carpenters Hall has been changed and will in the future be held on the third Friday at the Community Methodist Church. The next clinic will be held Friday, October 19 between 1 and 3 p.m.

### At Lake House—

Ted Cosby of Auburn was here on Monday and visited the family summer place near the Brockway golf course.

their home at Crystal Bay, and that Helen is making very good progress from her operation. We sincerely hope that the progress continues.

### Something New

North Lake Tahoe Business Association is surely on the ball these days. Last week there was a gathering of representatives of the National Auto Club, Auto Club of Southern California and the Auto Club of California calling themselves the Travelersians promoting business and advertising the north side. Last Friday dinner was served at the Crystal Bay Club.

Saturday, breakfast at the Crystal Bay Club, a tour of the motels and general area. Luncheon at noon and a tour of Squaw Valley, then cocktails and dinner at the Crystal Bay Club. On Sunday, breakfast, a tour of Mt. Rose area and ski lift finishing with luncheon president of Travelersians is Miss Francis Jung, who is assisted very ably by Maxine Polzin, secretary of the local group. This promises to develop into something profitable and pleasant for all concerned. Larry Ludlow is doing a swell job of the promotion of conventions for the area.

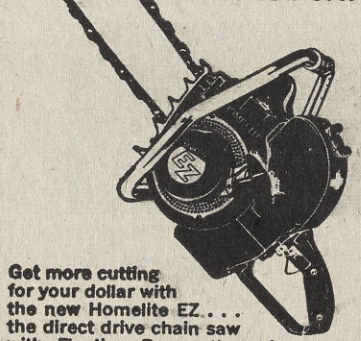

The first national convention of the Grand Army of the Republic was held November 20, 1866, at Indianapolis.

### Unskilled Labor

2.325 Flagman  
3.325 Laborer

The minimum wage paid to all skilled labor for which rates are not shown above shall be not less than \$2.25 per hour.

The minimum wage paid to all intermediate labor for which rates are not shown above shall be not less than \$2.25 per hour.

The minimum wage paid to all unskilled labor for which rates are not shown above shall be not less than \$2.35 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

In the event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

DEPARTMENT OF PUBLIC WORKS  
DIVISION OF HIGHWAYS.

G. T. McCOY  
State Highway Engineer.

Dated: October 5, 1956.

**NEW S. P. TRACKS TO  
ELIMINATE NOISES**

Like the omen of the steam whistle, the familiar clickety-click of train wheels over rail joints is being silenced in the rumble of Southern Pacific's progress.

SP is installing more than 16 miles of experimental long rail, W. M. Jaekle, chief engineer for the railroad, announced in San Francisco. The new lengths eliminate many of the bolted joints that mean just a pleasant little sound to train travelers but plenty of trouble to track maintenance men, Jaekle explained.

Some of the rails are continuous ribbons a quarter of a mile long.

Southern Pacific has set up a rail-welding production line at Chualar, Calif., 11 miles south of Salinas on the heavily-traveled Coast route. Toothpaste-fashion, the welded steel has been emerging from one end of a series of siding shelters at that rate of nearly 2000 feet a day.

The Chualar task force has been using a gas pressure welding process to join sections of standard 39-foot rail. Trial lengths are 78 feet, 117 feet, 156 feet and ribbon lengths up to 1440 feet.

"All these lengths will be subjected to the wear and tear of main line traffic to determine which one holds up best," Jaekle said. "We ought to have a pretty good idea of maintenance trends in a year or two."

The longest ribbons are being laid this month on six and a half miles of main line near Chualar. Already spiked down in the same Spence-to-Soledad stretch are almost five miles of 78-foot rail.

Farther south, near San Lucas, the railroad has installed about two and a half miles of 156-foot rail. Two and a half miles of 117-foot rail have gone into the Overland route at Inlay, Nev.

**County One Of 35 To  
Show Drop In Taxation**

Drop of 26 cents in Nevada County's tax rate brings the 1956-57 county-wide rate to \$2.20 per \$100 of taxable valuation, compared with \$2.46 for 1955-56, California Taxpayers' Association said today.

The county is one of 35 in the state which show a decrease in county-wide tax rate for the current fiscal year, compared with last year, the state-wide taxpayers' association said.

The county-wide rate quoted does not include any levy for cities, school districts, or special purpose districts.

The largest part of California's date production is the Deglet Noor Noor variety.

**LOGGING IS CAUSE  
FOR COURT ACTION**

AUBURN—A suit for injunction and damages was filed in the superior court by E. N. Kettenhofen, Thomas G. Stone and Samuel W. Gardner of New Chambers Lodge, Lake Tahoe, against the Western Lumber Company.

The suit alleges the defendants cut timber, valued at \$30,000, from the plaintiffs' property at Lake Tahoe.

The latter ask the company be restrained from cutting further timber on the land, and that treble damages be granted.

**Dusk Is Worst Driving  
Time, Patrol Warns**

SACRAMENTO—Dusk is one of the most hazardous times of the day, says the California Highway Patrol.

"Our highest traffic accident frequency period is between 3 and 7 p.m. with the peak coming between 4 and 6," declared Patrol Commissioner B. R. Caldwell. "With the end of daylight saving our high frequency period will again involve the additional hazards of dusk."

Safe driving at dusk requires obedience to the speed limits, the headlight regulations and cooperation with the other driver and pedestrian," Caldwell continued. "Drive at a reasonable speed, turn on the headlights not the parking lights and stay alert for pedestrians and disobedient drivers to reduce the traffic accident potential while driving at dusk."

**STEELHEAD RUN**

A steelhead run has appeared in the Mokelumne River for the first time in several years. This stream has been heavily planted with both king salmon and steelhead by the department of fish

**FOUR POINT WATER  
PROGRAM PROPOSED**

SACRAMENTO (CNS)—Harvey O. Banks, director of water resources, today announced a four-point program which he will urge before the 1957 legislature to speed up California's water conservation program. It is:

(1) Action on the California Water Plan which will be submitted to the legislature as a master plan to guide future water developments by all agencies in California.

(2) Policy and program for construction of water projects on a statewide basis when and where needed and as found to be justified.

(3) A solution to the legal problems involved in assuring adequate water supplies for the future development of the mountain and foothill areas and in assuring firm rights to the water made available by state projects among the various areas and entities benefitting therefrom.

(4) A program to finance the construction of these projects. In addition, Banks will ask the state legislature for funds to begin the actual construction on initial phases of the Feather River project, he said, as engineering work has been sufficiently advanced to permit such construction.

Banks gave his program in a speech made before the County Supervisors Association, which is meeting in San Diego.

He said the state has reached the point where massive inter-regional transfers of water are necessary, the projects being too large and the interests involved too diverse for any one local agency to handle such projects.

and game in an effort to bring the dwindling runs up to those of former years.

### Dress Rehearsal Feature Of Floriston Cub Meet

FLORISTON—The Cub Scouts of Floriston held a successful dress rehearsal last week in preparation for the pack meeting. The theme for the month is "The Roundup" and Mike Ingalls and Skip Peterson were the doggies, Dick Ingalls, James Hamilton and the den chief, David Ayala were the cowboys. Bob Burkhart was unable to be present.

SUN ADS GET RESULTS

### To Visit Rotary

Clyde Curtis of Placerville, district governor of Rotary International, who will make an official visit to the Rotary Club of Truckee next Monday evening at Donner Lake Lodge.

Mr. and Mrs. Gus Benjamin had as their guests during the weekend, Mr. and Mrs. Kenneth Russell of Wendover, Utah.

### Danners At Donner—

The Noel Danners of Napa were weekend visitors at Donner Lake.

### Seven Car Mishaps On Local Highway

Seven motor vehicle accidents were reported during the weekend on roads in this area by the California Highway Patrol.

Fortunately no one was critically injured. One man, Leo Hurlburt, broke both ankles when he leaped from a truck after the brakes failed on Donner grade Friday at 1:30 p.m. He was taken to the Tahoe Forest Hospital for treatment by Patrolman Bud McCallen who made the investigation. The truck was driven by Donald C. James of Osborn, Kan., who was not hurt.

Earl W. Wentz, Sacramento, backed his truck into a station wagon operated by Manuel L. Costa, Jr., of Eureka Friday at 9:30 a.m. on Donner grade but no one was injured. McCallen investigated.

A third truck accident involved Edwin A. Lawson, Sparks, whose trailer overturned at Hirschdale Thursday afternoon after tearing out guardrail. Failure of the fifth wheel was blamed by Patrolman William Gausche who investigated. No one was injured, but a load of lumber was badly scattered.

Patrolman Gausche cited James L. Kitcher, Portola, after the latter's car was wrecked six miles west of Truckee Saturday at 2:30 p.m. Speed was blamed.

Cars driven by Quentin A. Opilas, Morgan Hill, and Marion A. House, San Pablo, collided a mile east of Hirschdale Saturday at 11:55 p.m. but no one was hurt. Opilas was cited by Patrolman Carol Maynard for making a bad pass.

Betty Dorothy Scott, Oakland, was treated at the hospital after a car driven by her husband was involved in a collision with cars driven by Robert W. Jones, Corrine, Utah, and William H. Bell, Greenville, two miles east of Hirschdale at 7:30 p.m. Saturday. Scott, who drives for Safeway Stores, was cited for making a bad pass and being on the wrong side of the highway. Maynard made the investigation.

Lynn R. Roach, Grass Valley, escaped serious injury when he fell asleep at the wheel of his car on Donner grade Monday afternoon and the vehicle left the highway and was wrecked.

### LAST RITES HELD FOR GEORGE BRYANT

Last rites were held October 3 for George W. Bryant of North Sacramento, with burial following in East Lawn Cemetery in the capital city.

Bryant, 69 years at the time of his death, was the brother-in-law of Mrs. Henry Loehr and was well known here.

A 49-year veteran of the railroads, Bryant died October 1 in a hospital. He was born in Dayton, Ohio.

He started his career a half century ago with Santa Fe, and a year later went to work with Southern Pacific Company in Rockline as a locomotive engineer. He retired a year ago.

For eight years prior to his retirement, he served in the passenger engineers' pool between Roseville and Sparks, Nev. He made his home in Sacramento during that period and the year since his retirement.

He was an honorary life member of Brotherhood of Locomotive Firemen and Engineers, and Moose Lodge in Reno.

He was the husband of Jennie; father of Edward and William, both of Sacramento, and brother of Howard, of Dayton; and the late Clifford, also an SP engineer.

### WATERSPOUTS SEEN IN LAKE TAHOE AREA

TAHOE CITY—Sunday's rainstorm brought freak winds to Lake Tahoe which raised phenomenal waterspouts near the Glenbrook shore. One was so long lasting and so big that several observers from various points sighted it and even had time to get pictures. However the distance was so great and the skies so dark it will be interesting if any come out.

An unknown tourist from the southend saw the big waterspout and its turbulence on the lake surface and thought that a jet plane had just crashed. He informed Deputy Sheriff Laurence McDonald of Douglas County, Nev., who ordered boats out and a search was made.

Observers from this side felt they could see how such a mistake could be made. Ben and Jean Callender and Foster and Bobbie Record and others from Homewood watched for quite a period of time. Ben Callender said he had never seen anything like it in all of his 40 years at the lake.

### TNT TIDINGS

By JUDE' COMMAGERE

#### Student Body Government

Two successful months of school have gone by under the student body leadership of Judy O'Neill, president, Kenny Vaughan, vice president, Linda Loynd, treasurer, and Jude' Commagere, secretary. One of the most important goals of this year's student government is to combine all the students as a whole, so they may achieve their goals as a body. Mr. Norman Dewhurst, faculty advisor, predicts a successful school year.

#### Merit Or Demerit?

The news of the merit system is probably not new news to the parents of the students who attend TNT. For you have heard that the price of a package of gum now costs a nickel and five demerits. This increase seems unfair if you consider there are only five sticks of gum to a package, but if you consider the purpose of the demerit system, which is to build discipline, punctuality, courtesy, and obedience for the future, you will find the merit system a very essential part of secondary education.

#### "Trem"

Do you know "Trem"? Well, let me introduce you. Trem has attended TNT for two years. He isn't an ordinary student, as you can't see him, but just the same he is there. His major is "perfect sportsmanship," but for that solid he needs many helpers. Say Hi to our "Trem"endous School Spirit.

#### Thank You's Are In Store

One of the many new features of TNT this year, is the new "student store." This store was built so the students could have a permanent location for the items sold throughout the school year. We plan to give the store a name and paint the outside maroon and white. Thank you Miss Betty Lou Raker and Mr. Jake Stuart for this new and needed feature.

#### Allegheny Moon

The juniors sponsored the first dance of the year, Saturday, October 7. The theme was based around the song "Allegheny Moon." The chairmen of the dance were: Pat Gunkel, dance chairman, Kit Schull, decoration chairman, Kenny Vaughan, door chairman, Irene Englehart, refreshment chairman, Floyd Cooper, clean-up chairman, and Donald Van Hooser, entertainment chairman. The decorations were expertly done, and the dance floor was filled. The classes who are going to sponsor dances, certainly have something to work toward—to equal the success of Allegheny Moon!

### Mrs. Bernard Thanks Friends For Farewell

A letter from Mrs. J. H. Bernard at Livermore to Mrs. Pete Lazzari expressed her sincere appreciation for the enjoyable surprise party given on the eve of her departure for the valley.

The honoree of the recent affair wished to thank all of her friends who attended as well as the hostesses, Mesdames Lazzari, C. Olano and Ernest Olson.

### Valentines Celebrate 61st Wedding Date While Visiting Mexico

TAHOE CITY—The 61st wedding anniversary of Mr. and Mrs. C. O. Valentine was appropriately celebrated by the well known former residents of Lake Tahoe, in Mexico City.

They wrote they went south of the border by airplane and plan to stay at some of the tropical resorts before returning to Costa Mesa. The couple has traveled in many parts of the world since leaving the lake, their previous anniversary was celebrated over the northern route on a trip by airplane.

### Bank Of America Will Again Give Awards

Manager Lee H. Apple of Bank of America's Truckee branch announced today that again this year the statewide bank is offering its achievement awards program, under which \$44,900 in cash prizes are awarded annually to outstanding California high school seniors. Apple said approximately 560 high schools with more than 125,000 senior students enrolled are expected to participate.

In addition to 372 cash awards ranging from \$25 to \$1000 there will be more than 5000 trophies, certificates and ribbons.

In the program's nine-year history, awards totaling nearly a quarter-million dollars have been made to more than 1000 young persons. Winners may use the money for any purpose, but Apple said experience has shown that most of them defray college expenses with it.

The program's purpose, he added, is to honor scholastic achievement and citizenship and promise of service to society.

### MORE CHANGES AT LOCAL CHP OFFICE

Mrs. Elwood Buehler is now employed as clerk at the office of the California Highway Patrol, replacing Mrs. Lattie Patterson who has transferred to the headquarters office of the patrol at Sacramento. Mrs. Buehler is well known here and was formerly employed at Cabona's.

George Feetler of Portola, a department of motor vehicles employee, has replaced Glenn Freeman of Roseville as registration and driver's license clerk at the local office where the service is being continued Monday and Tuesday of each week.

#### Officials Visit—

Donald Greely and Charles Aiken of the state liquor control board were official visitors here yesterday.

#### Visit Auburn—

Mr. and Mrs. Martin Sturcke with their sons, spent several days with relatives at Auburn last week.

#### Services Held—

Funeral services were held last week in Nevada City for Henry Paine, uncle of Robert Paine of Nevada City.

#### On Business—

Mrs. Mary Lichtenberger and Mrs. Marian Hart of Auburn were recent business visitors in Truckee.

#### Grows' Guest—

Mr. and Mrs. Leslie Grow have as their houseguest, Miss Evelyn Sharp of Compton. While here the hosts and visitor are visiting neighboring points of interest.

# Tarzan

by EDGAR RICE BURROUGHS

TARZAN LEARNED THAT WALTER KEYS HAD BEEN SEARCHING FOR HIS NIECE, WHOM HE HOPED HAD SURVIVED A MASS MURDER BY NATIVE TERRORISTS.

WALTER APPEALED TO THE APE-MAN. "COULD YOU HELP? IT IS MY DUTY TO AT LEAST PROVE THAT KATHY IS DEAD--"

"IS IT YOUR DUTY TO GET US KILLED, TOO?" MOCKED JOE RICE. "TAKE IT EASY," TARZAN LAUGHED. "WE CAN BE CAREFUL--"

"YOU HAVE YOUR WEAPONS NOW. DON'T YOU THINK WE SHOULD INVESTIGATE FURTHER?"

"THUS THE TRIO STARTED OUT, NOT KNOWING THAT THEY WERE ALREADY DISCOVERED BY A HOSTILE NATIVE--"

WHO QUICKLY REPORTED TO AN ASSOCIATE HOLDING TWO LEASHED CHEETAHS-- CHEETAHS THE HUNTING CAT OF AFRICA, TRAINED TO ATTACK WHITE MEN!

by RAE BURN VAN BUREN

CONGRATULATIONS, LARRY LUNGWORTHY--YOU'VE DONE A MASTERFUL JOB ON MAKING A WRINKLE ESSENTIAL TO FEMALE BEAUTY! NOW MY WRINKLE PRACTICALLY INSURES MY FOURTH CONSECUTIVE YEAR AS "MISS COSMIC!"

AT THAT VERY MOMENT, THE COMMITTEE IS ABOUT TO SELECT "MISS COSMIC"...

HEADQUARTERS - COMMITTEE to Pick "MISS COSMIC"

THAT'S DEFINITELY IT!!

SHE'S THE (SIGH) ABSOLUTE EPITOME OF FEMININE PULCHRITUDE!

THE COMMITTEE HAS MADE ITS CHOICE, MISS CASHWELL!

IT WAS JUST A (CHUCKLE) NEEDLESS FORMALITY!!

HOW COULD THEY?? HOW DARE THEY? YOU, YOU MISERABLE WORM--IT'S YOUR FAULT!!

I (CHOKED) HIRED YOU TO MAKE A SINGLE WRINKLE A MARK OF BEAUTY--NOW LOOK WHAT YOU'VE GONE AND DONE!!

MISS COSMIC

GIVE ME TIME--I'LL THINK OF A NEW WRINKLE IN (OUCH) WRINKLES!!

LATER.

TELL ME, MISS COSMIC, HOW DID YOU DO IT?

WORRY, DEARIE--AND (CHUCKLE) PLENTY OF TIME!!

MISS COSMIC

OH-OH---  
IT'S NEARLY  
TIME TO  
MEET THE  
GIRLS.

I HOPE IT DOESN'T  
RAIN FOR OUR CLUB'S  
BIG OUTING - I THINK  
I'LL CHECK.

WEATHER  
BUREAU

ANY CHANCE  
OF RAIN  
TODAY,  
SIR?

I THINK NOT,  
BUT WE'RE  
JUST COMPLETING  
OUR MORNING  
REPORT.
